Conditions, fees and charges apply. The plan is payable by 6 or 12 equal monthly instalments (exact amounts specified in your statement). As the equal monthly payment plan is for a term less than 33 months, the minimum monthly payment will be greater than an interest free payment for the same term and you may pay more interest on any other outstanding balance on your credit card account, as your repayments will be allocated to this plan first. If you don't make your minimum monthly payment, for two consecutive months, you agree that all equal monthly payment plans with a term less than 33 months will change to a minimum monthly payment plan for the remainder of the original plan term. Interest may apply on any outstanding balance upon expiry of the promotional period at 24.99% p.a. Account service fee of \$8.95 per month applies.
